

Walking Path

Code: ANCMF-AU-ACF-WP-01 • Facility: Aged Care Facility • Frequency: daily

Scope of Work

- Remove all visible debris and litter from walking paths.
- Dust and wipe down all handrails and adjacent surfaces.
- Sanitize high-touch areas such as handrails and door handles.
- Vacuum any carpeted sections of the walking paths.
- Mop hard surface areas with a disinfectant solution.
- Ensure all cleaning activities are conducted in a manner that minimizes disruption to residents.

Method

1. Begin by collecting all visible debris and litter using appropriate waste disposal methods.
2. Use a microfiber cloth to dust and wipe down handrails and adjacent surfaces.
3. Apply a hospital-grade disinfectant to high-touch areas and allow appropriate dwell time before wiping clean.
4. Vacuum carpeted sections using a HEPA-filter vacuum cleaner to ensure dust and allergens are minimized.
5. Mop hard surfaces with a disinfectant solution, ensuring even coverage and allowing surfaces to air dry.
6. Conduct a final inspection to ensure all areas meet cleanliness standards.

Equipment

- Microfiber cloths
- Hospital-grade disinfectant
- HEPA-filter vacuum cleaner
- Mop and bucket with disinfectant solution
- Waste disposal bags

Quality Criteria

Excellent	All surfaces visibly clean, no dust, stains, or debris. Pleasant appearance with no odors. All cleaning tasks completed to highest standard.
Good	Most surfaces clean with minimal dust or minor marks. Generally tidy appearance. All major cleaning tasks completed satisfactorily.
Pass	Basic cleaning completed, surfaces generally clean but may have some minor dust or marks. Acceptable standard for routine operations.
Fail	Visible dirt, stains, or debris present. Unacceptable odors or untidy appearance. Cleaning tasks incomplete or inadequate. Requires immediate re-cleaning.
