

Dog Park

Code: ANCMF-AU-GB-DP-02 • Facility: Government Building • Frequency: daily

Scope of Work

- Remove all rubbish and debris from the park area.
- Sanitise all seating and communal areas.
- Clean and sanitise water fountains and taps.
- Empty and sanitise rubbish bins.
- Inspect and clean all signage for visibility and hygiene.
- Ensure pathways are free of dirt and obstructions.
- Check and clean any dog waste stations.
- Maintain cleanliness of surrounding fences and gates.

Method

1. Begin by collecting all visible rubbish and debris using a colour-coded system to prevent cross-contamination.
2. Sanitise seating and communal areas using an approved disinfectant, ensuring all surfaces are wiped down thoroughly.
3. Clean water fountains and taps with a sanitising solution, ensuring no residue is left.
4. Empty rubbish bins, replace liners, and sanitise the bin interiors and exteriors.
5. Wipe down all signage with a damp cloth and sanitiser to ensure cleanliness and readability.
6. Sweep pathways to remove dirt and debris, ensuring they are clear and safe for use.
7. Check dog waste stations, empty and sanitise as necessary.
8. Inspect fences and gates, removing any dirt or marks with appropriate cleaning agents.

Equipment

- Colour-coded cleaning cloths and mops
- Sanitising solutions
- Rubbish collection bags
- Cleaning trolley
- Protective gloves
- High-pressure hose (if required)
- Signage cleaning tools

Quality Criteria

Performance Level	Criteria
Excellent	All areas are visibly clean with no rubbish or debris. Surfaces are sanitised and free from marks. Water fountains and taps are spotless. Bins are empty and sanitised. Signage is clear and legible. Pathways are immaculate.
Good	Minor debris present but overall cleanliness is maintained. Surfaces are mostly clean with minimal marks. Water fountains and taps are mostly clean. Bins are emptied but may have slight odour. Signage is mostly clear. Pathways are mostly clean.
Pass	Noticeable debris and some marks on surfaces. Water fountains and taps have some residue. Bins are emptied but not sanitised. Signage is legible but not clean. Pathways have visible dirt.
Fail	Significant debris and dirty surfaces. Water fountains and taps are dirty. Bins are full or not sanitised. Signage is unclear or dirty. Pathways are obstructed or dirty.
