

Dance Floor

Code: ANCMF-AU-H-DF-01 • Facility: Hospitality • Frequency: daily

Scope of Work

- Remove all loose debris and rubbish from the dance floor area.
- Dust and wipe down all surfaces, including railings and any adjacent furniture.
- Vacuum the entire dance floor to remove dust and small particles.
- Mop the dance floor using a suitable cleaning solution to ensure it is free from sticky residues and stains.
- Sanitise the dance floor with an appropriate disinfectant to eliminate germs and bacteria.
- Inspect the dance floor for any spills or stains and address them promptly.
- Ensure all cleaning is conducted using a colour-coded system to prevent cross-contamination.

Method

1. Begin by clearing the dance floor of any rubbish and debris, placing it in the appropriate rubbish bins.
2. Use a microfibre cloth to dust and wipe down all surfaces, ensuring no dust or fingerprints remain.
3. Vacuum the dance floor thoroughly, paying special attention to corners and edges.
4. Prepare a mop with a suitable cleaning solution and mop the entire dance floor, ensuring even coverage.
5. Apply a sanitising solution to the floor, allowing it to air dry to ensure maximum effectiveness.
6. Conduct a final inspection to ensure all areas are clean and free of any visible dirt or stains.

Equipment

- Microfibre cloths
- Vacuum cleaner
- Mop and bucket
- Approved cleaning solution
- Sanitising solution
- Colour-coded cleaning tools

Quality Criteria

Performance Level	Criteria
Excellent	Dance floor is spotless with no visible dust, debris, or stains. Surfaces are sanitised and free of any sticky residues. No unpleasant odours present.
Good	Dance floor is clean with minimal dust or debris. Surfaces are mostly sanitised with only minor residues. No strong odours present.
Pass	Dance floor has some visible dust or debris. Surfaces are partially sanitised with noticeable residues. Mild odours may be present.
Fail	Dance floor is visibly dirty with significant dust, debris, or stains. Surfaces are not sanitised, with sticky residues and strong odours present.
