

Jacuzzi

Code: ANCMF-AU-H-J-01 • Facility: Hospitality • Frequency: daily

Scope of Work

- Remove all debris and rubbish from the jacuzzi area.
- Sanitise all surfaces including the jacuzzi shell, steps, and surrounding tiles.
- Wipe down all handrails and controls with a disinfectant solution.
- Clean and polish all glass surfaces and mirrors.
- Vacuum and mop the surrounding floor area using a colour-coded system to prevent cross-contamination.
- Ensure all drains and filters are free from visible debris.
- Check and refill any dispensers (e.g., soap, sanitiser) as needed.

Method

1. Begin by donning appropriate personal protective equipment (PPE) including gloves and goggles.
2. Remove all visible debris and rubbish from the jacuzzi and surrounding area, disposing of it in the appropriate rubbish bin.
3. Using a colour-coded cleaning cloth, apply a disinfectant solution to all surfaces of the jacuzzi, ensuring thorough coverage.
4. Wipe down all handrails, controls, and any high-touch areas with a disinfectant wipe.
5. Clean glass surfaces and mirrors with a glass cleaner, ensuring no streaks remain.
6. Vacuum the surrounding floor area to remove dust and debris, then mop with a sanitising solution.
7. Inspect drains and filters, removing any visible debris to ensure proper water flow.
8. Check all dispensers and refill as necessary, ensuring they are clean and operational.

Equipment

- Colour-coded cleaning cloths
- Disinfectant solution
- Glass cleaner
- Vacuum cleaner
- Mop and bucket with sanitising solution
- Personal protective equipment (PPE)
- Rubbish bin liners

Quality Criteria

Performance Level	Criteria
Excellent	All surfaces are visibly clean and sanitised, with no streaks or residue. No debris in drains or filters. All dispensers are full and operational. No visible dust or dirt on floors.
Good	Surfaces are clean with minimal streaks. Minor debris in drains or filters. Dispensers mostly full and operational. Minimal dust or dirt on floors.
Pass	Surfaces are mostly clean with some streaks. Some debris in drains or filters. Dispensers partially full. Some dust or dirt on floors.
Fail	Surfaces are visibly dirty or unsanitised. Significant debris in drains or filters. Dispensers empty or non-operational. Visible dust or dirt on floors.
