

Perimeter Road

Code: ANCMF-AU-I-PR-03 • Facility: Industrial • Frequency: daily

Scope of Work

- Remove all rubbish and debris from the perimeter road.
- Sweep and clean the road surface to remove dust and dirt.
- Sanitise any high-touch surfaces such as gates and barriers.
- Ensure all drains and gutters are free from blockages and debris.
- Inspect and clean any signage for visibility and cleanliness.

Method

1. Conduct a visual inspection of the perimeter road to identify areas requiring attention.
2. Use a broom and dustpan to sweep debris and collect rubbish.
3. Utilise a high-pressure hose to clean the road surface where necessary.
4. Apply a sanitising solution to high-touch surfaces using a colour-coded cleaning system.
5. Check and clear drains and gutters of any obstructions.
6. Wipe down signage with a damp cloth to ensure visibility and cleanliness.
