

Aircraft Parking

Code: ANCMF-AU-TH-AP-01 • Facility: Transportation Hub • Frequency: daily

Scope of Work

- Remove all rubbish and debris from the aircraft parking area.
- Sanitise all high-touch surfaces, including railings and benches.
- Pressure wash the tarmac to remove oil stains and other contaminants.
- Ensure all rubbish bins are emptied and cleaned.
- Inspect and clean any signage for visibility and cleanliness.
- Maintain clear and clean pathways for pedestrian safety.

Method

1. Conduct a preliminary inspection to identify areas requiring attention.
2. Use a colour-coded cleaning system to prevent cross-contamination.
3. Remove rubbish using a trolley and dispose of it in designated waste areas.
4. Sanitise surfaces with appropriate cleaning agents, following manufacturer's instructions.
5. Pressure wash the tarmac, ensuring all safety protocols are followed.
6. Inspect and clean signage using a mild detergent and water.
7. Perform a final inspection to ensure all areas meet quality criteria.

Equipment

- Pressure washer
- Colour-coded cleaning cloths and mops
- Sanitising agents
- Rubbish collection trolley
- Personal protective equipment (PPE)
- Signage cleaning kit

Quality Criteria

Performance Level	Criteria
Excellent	No visible rubbish or debris; surfaces are spotless and sanitised; tarmac is free of stains; bins are clean and odour-free; signage is clear and legible.
Good	Minor rubbish or debris present; surfaces are mostly clean; tarmac has minimal stains; bins are mostly clean with slight odour; signage is mostly clear.
Pass	Some rubbish or debris present; surfaces show some dirt; tarmac has noticeable stains; bins have some odour; signage is legible but not clean.
Fail	Significant rubbish or debris; surfaces are dirty; tarmac is heavily stained; bins are overflowing or have strong odour; signage is unclear or dirty.
