

Metal Detector

Code: ANCMF-AU-TH-MD-01 • Facility: Transportation Hub • Frequency: daily

Scope of Work

- Dusting of all surfaces including the metal detector frame and surrounding areas.
- Sanitising of high-touch areas such as control panels and handles.
- Wiping down of all visible surfaces to remove smudges and fingerprints.
- Vacuuming of the floor area around the metal detector to remove debris.
- Emptying and sanitising of nearby rubbish bins.
- Inspection and cleaning of any visible stains or marks on the metal detector and surrounding area.

Method

1. Begin by dusting all surfaces using a microfibre cloth to capture dust without dispersing it into the air.
2. Apply a suitable sanitiser to high-touch areas, allowing appropriate dwell time for effective germ kill.
3. Use a damp cloth to wipe down all surfaces, ensuring removal of smudges and fingerprints.
4. Vacuum the floor area using a vacuum cleaner with a HEPA filter to ensure dust and allergens are captured.
5. Empty rubbish bins and replace liners, then sanitise the bin surfaces.
6. Inspect the area for any stains or marks and clean using appropriate cleaning agents.

Equipment

- | | | |
|-----------------------|-----------------------------------|---|
| • Microfibre cloths | • Damp cloths | • Rubbish bin liners |
| • Sanitising solution | • Vacuum cleaner with HEPA filter | • Appropriate cleaning agents for stain removal |

Quality Criteria

Performance Level	Criteria
Excellent	All surfaces are free of dust, smudges, and fingerprints; high-touch areas are sanitised; no visible debris on the floor; rubbish bins are empty and sanitised; no visible stains or marks.
Good	Minor dust or smudges on less than 5% of surfaces; high-touch areas mostly sanitised; minimal debris on the floor; rubbish bins are empty but not sanitised; minor stains or marks present.
Pass	Noticeable dust or smudges on 10% of surfaces; high-touch areas partially sanitised; some debris on the floor; rubbish bins not emptied; visible stains or marks present.
Fail	Significant dust or smudges on more than 10% of surfaces; high-touch areas not sanitised; excessive debris on the floor; rubbish bins overflowing; prominent stains or marks present.
