

Security Fence

Code: ANCMF-AU-TH-SF-03 • Facility: Transportation Hub • Frequency: daily

Scope of Work

- Remove all visible dirt, debris, and rubbish from the fence and surrounding area.
- Sanitise the fence surfaces to minimise microbial presence.
- Inspect and clean any signage attached to the fence.
- Ensure the base of the fence is free from accumulated rubbish and organic matter.
- Maintain the cleanliness of the fence to prevent rust and deterioration.

Method

1. Use a colour-coded cleaning system to prevent cross-contamination.
2. Begin by removing loose debris with a broom or brush.
3. Apply a suitable cleaning solution using a spray bottle or pressure washer, ensuring even coverage.
4. Scrub the fence with a brush to remove stubborn dirt and stains.
5. Rinse the fence thoroughly with clean water.
6. Sanitise the fence using an appropriate disinfectant, following the manufacturer's instructions.
7. Wipe down any signage with a damp cloth and sanitise.
8. Inspect the area for any remaining rubbish and dispose of it in the appropriate rubbish bin.
